The event began with the motivating words of Prof. Neelam Sharma, Director, MAIT, followed by Prof. Rajveer Mittal, Head of the Department. The key information regarding SMART CITIES was shared with the audience through an informative audiovisual.

162 students from all the branches of MAIT registered in this event. Eventually, 30 students were shortlisted to appear for the quiz. The quiz was designed to test the knowledge of smart cities on the national as well as global level, and also the parameters affiliated with this concept. The winners will be awarded exciting gifts and all the participants will receive certificates.
