EEE

CLASS OF 2022

Department of Electrical and Electronic
Engineering (EEE)

“Don't be afraid of moving, the future is bright.”

You are now embarking on an exciting journey. There is no failure unless we have not tried to succeed and we will fail if we stop trying. You are the author of your future and the past holds many opportunities that should be capitalized upon. We hope you'll take advantage of such opportunities as they could become stepping stones leading you to where you want to be, whether it's making new friends or finding your next job!

Best wishes for your upcoming endeavors - may all your dreams come true and remember: make each passing day a memorable one! Don't let those good times slip by and don't miss an opportunity to share them with others - after all, what's life without laughter?

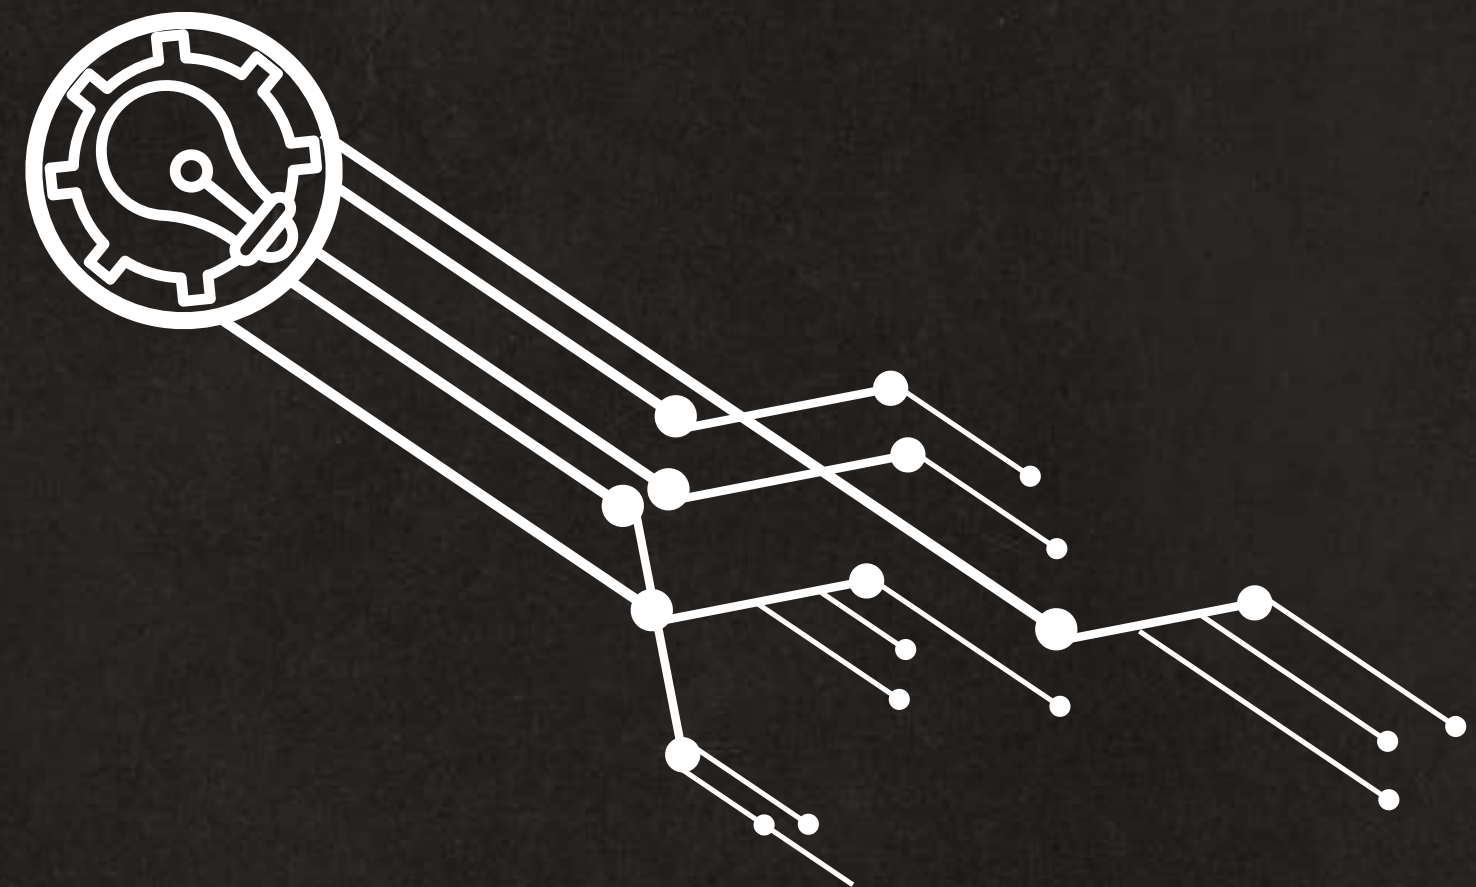

MISSION

To ensure transformational impact on learning community and modernization in industry by providing quality education with orientation towards research and higher education, imbining the students with moral and ethical values.

VISSION

To produce technically competent human resource for electrical and electronics industry with high moral and ethical values.

LETTER FROM H.O.D

Dr. Rajveer Mittal
HOD, EEE depeartment

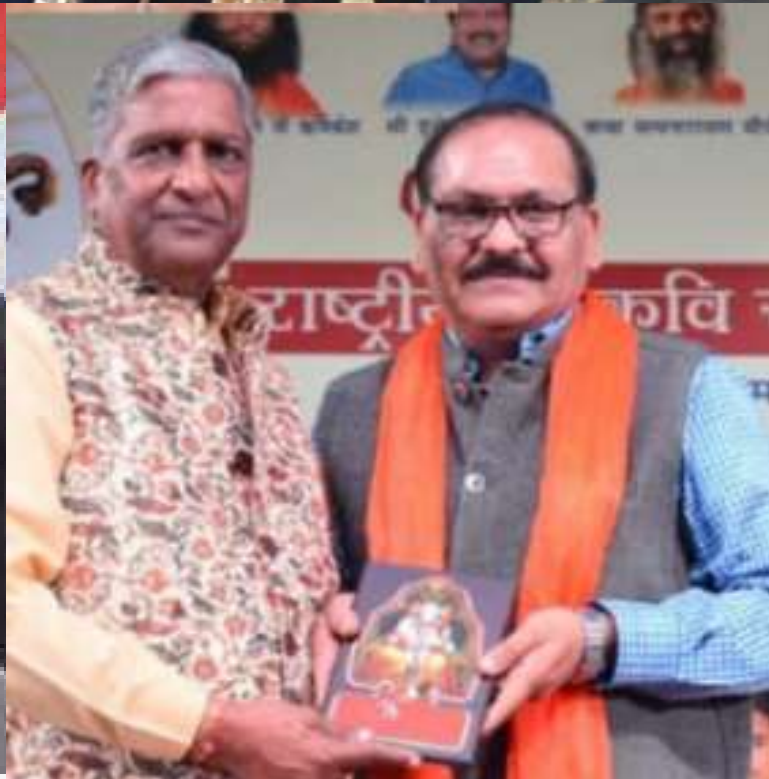

Dear students,

On behalf of MAIT's Electrical and Electronics Department, I am pleased to write about the class of 2022. With all the joy and happiness in my heart, I congratulate the outgoing batch of 2021. You all have put your best foot forward in these great graduation years. Now is the time to reap the fruit. While writing this message for all of you, I feel grateful that I was a part of your thrilling journey.

Your academic triumphs, acing extra-curricular, creative approach, and level of curiosity made us believe that you all are special, unique, and can achieve anything you put your heart and mind into. It's the time when you have completed your degree and graduating. Despite this fact, you are a part of the MAIT family, and you always will be. We heartfully wish you all to be ahead of the curve and achieve your passionate endeavours.

As well, we would like to express our gratitude to the parents for their efforts and support of our institution and faculty and support for their students at any time and in any way possible. We are obliged to have you and the graduates as a part of our institution and I hope to achieve innumerable opportunities ahead brimming with happiness and success

TANISH SHARMA

LAKSHAY KUMAR

A hand in silhouette points towards a glowing lightbulb. The lightbulb is surrounded by a complex network of white nodes and lines, resembling a neural network or a data structure. The background is a warm, golden-brown gradient with a subtle pattern of white dots and lines, suggesting a digital or technological environment.

**"AS ENGINEERS, WE
WERE GOING TO BE IN
A POSITION TO
CHANGE THE WORLD -
NOT JUST STUDY IT."**
