

One Day National Seminar on SMART GRID TECHNOLOGY

The Department of Electrical & Electronics Engineering of Maharaja Agrasen Institute of Technology organized a One-day National Seminar on “SMART GRID TECHNOLOGY” on Nov. 27, 2016. It was successfully conducted by the Convener, Dr. Rajveer Mittal, HOD, EEE Department and attended by over 60 student delegates, more than 30 Assistant Professors & Associate Professors and 4 Professors of eminence.

The main objective of this seminar was to confer and propose the latest trends and advancements in Electrical Power System for the technical advancement of undergraduates/post graduates and faculty members. The seminar provided a platform for interactive sessions by experienced Researchers and Professionals, in Electrical Power, Energy and Control System. The eminent speakers from leading Academic Institutions and Research Organizations had been invited for expressing innovative technical ideas.
